Pat,

Thanks for sending this to me early. I completed most of my review today. I only had a couple of comments. I plan to look at the sections flagged for HQ once you let me know when they are done. I may want to briefly speak to you and Eric to get the gist of any of their concerns and comments and to ask one or two questions. We can do that next week. I am leaving the finer cross-checking of the track changes against the RTC to you, although I did read through them all briefly and they seemed to follow the RTC. Thanks much for all your work on this.

Lynne

Subject: RE: FOR HQ REVIEW: South Fork RTC & Final Permit

Hi Lynne and Cynthia,

As I mentioned yesterday, we circulated the South Fork permit and RTC to HQ for review. Below is Eric's message to the HQ reviewer where he IDs the specific sections we're seeking their review. If you could begin your review on other portions of the RTC and permit this week, we should be in good shape to send you a final version early next week and then circulate to Deb late next week. As an FYI, Jessica Montanez is out this week so our request for HQ review to be completed by COB Thursday will be bumped a little by at least one reviewer.

We have a meeting with OPA scheduled with OPA on Jan 10th, and we have already shared with them a draft PR and comms plan.

Thanks,

Pat

If needed for reference, other permit documents can be found online at: <https://www.epa.gov/caa-permitting/south-fork-wind-llcs-south-fork-windfarm-draft-outer-continental-shelf-air-permit>

In order to stay on target for internal routing and permit issuance on 1/18, **we are requesting your comments by COB Thursday, 1/6.**

Thanks,

Eric
